## PH 548: Community Organizing in Public Health

Online, Fall 2024

## **Contact Information**

Dr. Nicholas L. Rummell (he/him) Office: Virtual Office Hours: Virtual (Zoom, etc.) By Appointment Phone: 843 364-4044 Email: nicholas.rummell@wku.edu Email is the best means of communication with me; I answer all emails within 24 hours Monday-Friday and within 36 hours over weekends.

## **Required Text/Materials**

All readings for this course will be directly provided or linked on Blackboard. You do not need to purchase a textbook or any materials for this course. **\*\*Please read description of Big Red Backpack** program below!\*\*

## Automatic Textbook Fee: Big Red Backpack

A per-credit-hour-enrolled fee will be charged to your account for textbooks -- regardless of whether your courses require them -- as part of WKU's Big Red Backpack initiative. **To avoid being charged this fee, you must opt-out every semester**. Learn more and opt out here.

## **Course Description**

This course explores the social, political and economic forces that exacerbate health inequities in different communities and various organizational strategies for effective solution. Review and analysis of community organization and mobilization processes, legislative advocacy, cultural competency, and the role of mass media in conceptualization of public health issues. Transportation requirements for field trips will be provided. (Note: this course is fully online and asynchronous; there will be no live sessions)

## **Course Objectives**

- 1. Compare the policymaking process at local, state, and national levels.
- 2. Integrate evidence into the analysis of public health policymaking.
- 3. Analyze ethical issues in public health policymaking and implementation.
- 4. Compare and contrast the roles of stakeholders from multiple sectors in public health policymaking.
- 5. Prepare a fact sheet and an elevator speech for a policymaker on a current public health issue.
- 6. Compare and contrast intended and unintended public health consequences of proposed or enacted policy on specific populations.
- 7. Create a plan to identify strategic community health issues, including drafting a vision statement and identifying community partners.
- 8. Integrate feedback from a community stakeholder outside of public health into a community health assessment.
- 9. Implement techniques for mediation among community partners with divergent needs and goals to improve community outcomes.

#### **Course Assessments**

#### Weekly activities:

Discussion board posts (count as attendance/participation), article annotations, and short application assignments. Address LO 1-9

## Exams:

Midterm and final. Address LO 1-9

#### Community Organizing Project:

You will create an abbreviated community health assessment/community health improvement plan for your local community. Following the phases of the MAPP process, you will develop a plan for organizing and developing partnerships; creating a vision; planning a community assessment; identifying strategic issues; and formulating goals and strategies to address the issue. Addresses LO 7-9.

#### Advocacy Project:

You will select a public health issue that has been, or can be, addressed through policy. You will research the topic; identify all stakeholders involved; identify multiple policy options; analyze the consequences of each option on impacted communities; recommend one option; and prepare a fact sheet on the issue and record an elevator pitch to educate a legislator on the issue and advocate for action. Students may choose from a list of pre-approved topics to earn embedded GrAPE hours and create embedded GrAPE products; this will be done in collaboration with an outside agency. Addresses LO 2-6.

#### Grading

This course uses weighted grading. Each type of assessment described above is weighted differently. Weekly activities and discussions: 25% Exams: 25% (12.5% each)

Community Organizing Project: 25% Advocacy Project: 25%

Grading scale: Grades are based on university standards. A = 90% and higher B = 80% - 89% C = 70% - 79% D = 60% - 69% F = 59% and lower

#### **Academic Integrity**

Academic integrity is essential to students' intellectual development, and is a core value of the MPH program. Thus, the work you do in this course – and all MPH courses -- is expected to reflect academic integrity through responsible behaviors, including avoiding plagiarism, unauthorized collaboration, cheating, or other types of <u>academic dishonesty</u>. Students who commit any act of academic dishonesty may receive a failing grade on the assignment/assessment, or a failing grade in the course. <u>Per policy</u>, students may also be reported to the Office of Judicial Affairs for disciplinary sanctions and/or the Graduate School for dismissal from the program. A student who believes a faculty member has dealt unfairly with him/her/them in a course involving academic dishonesty may seek relief through the <u>Student</u> <u>Complaint Procedure</u>.

#### Use of AI tools is prohibited in this course:

Artificial intelligence (AI) tools are not permitted for any type of work in this class. If you choose to use these tools, your actions will be considered academically dishonest and a violation of the <u>WKU Student</u> <u>Code of Conduct</u>.

#### **Diversity, Inclusivity, & Equity**

We promote social justice by creating a respectful, collaborative, diverse, inclusive, and equitable environment through teaching, service, and research.

The strength and success of WKU's MPH program is built on the foundation of a wide range of perspectives and experiences. We embrace diverse backgrounds, embodiments, and experiences and are committed to fostering inclusive and accessible environments. We respect physical, social, and cultural differences among us, which may include, but are not limited to: age, cultural background, disability, ethnicity, family status, gender identity and presentation, citizenship and immigration status, national origin, race, religious and political beliefs, sex, sexual orientation, socioeconomic status, and veteran status. Please talk with your instructor, advisor, or MPH staff member right away if you experience disrespect in this class or while part of our program. Whenever possible, we will work to address it in an educational manner. Resources on inclusive language and document accessibility are provided in the MPH Guidebook and MPH Student organizational site on Blackboard.

#### **ADA** Accommodations

In compliance with University policy, students with disabilities who require academic and/or auxiliary accommodations for this course must contact the Student Accessibility Resource Center located in Downing Student Union, Room 1074. The SARC can be reached by phone number at 270-745-5004 [270-745-3030 TTY] or via email at <a href="mailto:sarc.connect@wku.edu">sarc.connect@wku.edu</a>. Please do not request accommodations directly from the professor or instructor without a faculty notification letter (FNL) from The Student Accessibility Resource Center.

#### **Title IX/ Discrimination & Harassment**

Western Kentucky University (WKU) is committed to supporting faculty, staff and students by upholding WKU's <u>Sex and Gender-Based Discrimination</u>, <u>Harassment</u>, and <u>Retaliation</u> (#0.070) and <u>Discrimination</u> and <u>Harassment Policy</u> (#0.2040). Under these policies, discrimination, harassment and/or sexual misconduct based on sex/gender are prohibited. If you experience an incident of sex/gender-based discrimination, harassment and/or sexual misconduct, you are encouraged to report it to the Executive Director, Office of Institutional Equity/Title IX Coordinator, Ena Demir, 270-745-6867 or Title IX Investigators, Michael Crowe, 270-745-5429 or Joshua Hayes, 270-745-5121. Please note that while you may report an incident of sex/gender based discrimination, harassment and/or sexual misconduct to a faculty member, WKU faculty are "Responsible Employees" of the University and MUST report what you share to WKU's Title IX Coordinator or Title IX Investigator. If you would like to speak with someone who may be able to afford you confidentiality, you may contact WKU's <u>Counseling and Testing</u> Center at 270-745-3159.

#### **Pregnant and Parenting Students**

Western Kentucky University does not discriminate against any student or exclude any student from its educational programs or activities, including classes or extracurricular activities, on the basis of pregnancy and/or pregnancy-related conditions such as, but not limited to, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom. Students who seek pregnancy or pregnancy-related accommodations should make their requests as soon as possible via WKU's Title IX Website at <u>www.wku.edu/titleix/</u> under the heading, "Pregnancy or Pregnancy-Related Conditions." Students can also contact the Title IX Coordinator, Ena Demir, via email at <u>ena.demir@wku.edu</u> or by phone at (270) 745-6867 to request accommodations or seek assistance. We encourage students and faculty to work together to establish a plan that allows the student to complete the class and coursework without jeopardizing academic integrity and course standards. The Title IX Coordinator can help facilitate conversations between students and faculty regarding appropriate and reasonable accommodations.

If you are a WKU student and believe that you have experienced an incident(s) of discrimination or harassment based on pregnancy (or pregnancy related conditions or issues), please report it to the Title IX Coordinator via email at <u>ena.demir@wku.edu</u> or by phone at (270) 745-6867.

Additional resources for pregnant and parenting students can be found on WKU's Title IX Website at <u>www.wku.edu/titleix/</u>.

#### **Regular and Substantive Interaction**

The U.S. Department of Education requires that distance education courses must include regular and substantive interaction between students and faculty. For more information about Regular and Substantive Interaction at WKU, please visit the <u>Regular and Substantive Interaction in Online and Distance Learning webpage</u>.

In this course, regular and substantive interaction will take place in the following ways:

- Faculty participation in weekly discussion boards, including periodic wrap-up posts
- Weekly announcements on topics and assignments
- Timely and detailed feedback on assignments.

#### Land Acknowledgement Statement

The history of our community and land gives us the opportunity to recognize, respect, and appreciate our place within that history. Western Kentucky University (WKU) honors and acknowledges the Indigenous peoples' land on which this University was built. All land in the state of Kentucky was once Indigenous territory, which is why it is our duty to acknowledge that WKU exists on Native land. This particular region of Kentucky was home to both the Shawnee (Shawandasse Tula) and Cherokee East (CWJQ9JÅ Tsalaguwetiyi) tribes.

We also honor and acknowledge the former residents of Jonesville. According to the <u>Jonesville History</u> <u>Project</u>, "Jonesville was a predominantly African American community in Bowling Green, Kentucky, that was demolished in the 1960s to make way for the expansion of the WKU campus. This incident echoed a pattern across the country where the power of eminent domain was utilized to seize property from minority communities for large public works projects under the guise of urban revitalization."

# MPH Competencies

This course contributes to the development of the following competencies:

Evidence-based Approaches to Public Health	This course contributes to the development of the following competencies: MPH COMPETENCY	Obj.
		0.0j.
2. Select quantitative and qualitative data collection methods appropriate for a given public health context 3. Analyze quantitative and qualitative data using biostatistics, informatics, computer-based programming and software, as appropriate 4. Interpret results of data analysis for public health research, policy or practice Public Health & Health Care Systems 5. Compare the organization, structure and function of health systems across national and international settings 6. Discuss the means by which structural bias, social inequities, and racism undermine health and create challenges to achieving health equity. Planning & Management to Promote Health 7. Assess population needs, assets and capacities that affect communities' health 8. Apply avareness of cultural values and practices to the design, implementation, or critique of public health policies or programs 9. Design a population-based policy, program, project or intervention 10. Explain basic principles and tools of budget and resource management, specifically after funding for a project is secured 11. Select methods to evaluate public health programs Policy in Public Health 12. Discuss the policy-making process. 14. 24. 3 13. ## **Course Topics/Schedule**

Readings, topics, and weekly activities subject to change, so we can adapt the course to fit student needs.

As a general rule, course weeks run from Mondays through Sundays. Weekly folders will open at 12:00 AM Mondays, and weekly assignments will be due at 11:59 PM Sundays. There are two major exceptions to this: (1) initial posts on discussion boards, which are due at 11:59 PM on Wednesdays, to give you time to read and respond to classmates by Sunday; and (2) the final exam, which is due 11:59 PM THURSDAY, December 5, the final day of the semester. Any other changes to the assignment schedule are clearly marked on the schedule.

Week	Dates	Topic/Activities	Assignments due
1	8/19-8/25	Intro to course Lecture: Course overview Reading: Bias, T. (2020); Windisch, S. & Wijaya, F.	Pre-course assignment: 11:59 PM Sunday 8/25
		(2021)—on Blackboard Discussion: Introduction and Commentaries Other activity: Pre-course assignment	Introduction Discussion Due Sunday 8/25 (No replies needed for this one!)
			Discussion board initial post: 11:59 PM Wednesday 8/21; response: 11:59 PM Sunday 8/25
